

OPT T0133 BFT Intercept Cutter

Product Images

Product Code: E00-5750

Short Description

The OPT Blown Fibre Tube (BFT) Intercept Cutter is designed to cut a window in the sheath of a (7x 6mm) 7BFT where a Tube Intercept Joint (TIJ) is to be fitted. It cuts both circumferentially and longitudinally, which allows a window to be made in the sheath enabling access to an individual BFT within the length of a pre-installed 7BFT Bundle.
