Bosch GMS120 Metal Multi Detector

Product Images Product Code: P09-0694

Short Description

The GMS120 Professional metal detector from Bosch is the most reliable multi-detector in its class. Automatic calibration means that all objects are found and application errors are avoided and the GMS 120 provides reliable detection even of deep-lying objects - up to a depth of 12cm. The bar-graph display zooms in as object is detected which, along with the three colour luminous ring, gives even more reliable detection of objects.

• Pinpoint indication of the object
