backfilling trenches and manouvring ballast.

Integrated treads provide better grip, increased comfort and protection to the user's feet.

Manufacturer Part Code 2SSSSPFINS

Description

Square mouth treaded shovel, used for shovelling out or concrete mixing, working tarmac and cement, backfilling trenches and manouvring ballast.

Integrated treads provide better grip, increased comfort and protection to the user's feet.

Shocksafe - A range of insulated contractors tools providing full conformity to the exacting specifications of BS8020:Tools for Live Working. BS8020:2002 demands full adherence to detailed manufacturing and testing procedures for safe working practices to be maintained by the user when working on or in close proximity to live conductor cables.

A specially integrated collar prevents the user's hand slipping onto the steel blade. Every single tool is flash tested to 10,000 Volts before being uniquely numbered and the issue of a certificate, unique to each item. This ensures total traceability and a guarantee of safety to the user in a potentially dangerous live-working environment.

Handle: 28" Polyfibre Shocksafe Insulated

Head size: 10" to 12.1/2
