Product Images

Product Code: S83-3322

Short Description

Designed for cable and pipe laying with a slim blade that is ideal for digging out narrow trenches.

Description

Designed for cable and pipe laying with a slim blade that is ideal for digging out narrow trenches.

PolyFibrePRO - Solid forged contractors tools offering a high degree of fibreglass strength along with the comfort of a profile moulded PYD hand grip. Injection moulded polypropylene sheathing totally encloses the polyester resin fibreglass core, virtually eliminating the danger of handle breakage and potential injury. The PolyFibre PRO tool handle will not rot, shrink, dry out or become susceptible to breakage due to periods of inactivity. Outperforms the requirements of BS3388 under all tests.

Handle: 28" / 711mm PolyFibrePRO

Head Size: Blade : 5" Wide, Tapering to 4.1/2" x 11" Long
