

Hydraulic Lifter Manhole Cover 4B

Product Images

Product Code: S83-0966

Short Description

Genuine Openreach / BT approved hydraulic type lifter supplied with 4 pairs of keys used for lifting all types of carriageway cover. A range of different keys can be fitted to suit the type of cover to be lifted. The lifter is used by attaching the main beam to the manhole cover via the appropriate lifting key and operating the ram with a pump action. A release valve is incorporated to lower the cover back into position. The lifter comes complete with a ram operating handle, a lifter manoeuvring handle and carrying handle, and is supplied complete with bars and a pair of each of the following keys.

- 1A Used to lift Elkington type manhole covers.
- 2A Used to lift unit type manhole covers.
- 3B Used for lifting triangular type covers such as Silent Knight and Covers Carriageway C and D.
- 4A Used to lift old types of manhole covers.
