

Mills Cobra Rod and Frame 11mm x 200m

Product Images

Product Code: S00-1355

Short Description

The Mills Cobra Continuous Rodding System represents a faster and more economical solution than

traditional screw together duct rods and is available in standard diameters from 4.5mm to 14mm and a range of lengths from 60 to 500 metres to suit most applications.

The conduit rods are supplied in robust zinc plated steel frames and the use of high quality fibreglass rod with radically reinforced construction and high tensile strength ensures on-going reliability and strength.

The 4.5mm and 6mm units are free standing whilst the heavier 9mm, 11mm and 14mm units are supplied with wheels for mobility and ease of use.

Diameter: 11mm

Length: 200m

Weight: 54kg
