

Tempo 180XL Visual Fault Locator Kit

Product Images

Product Code: C00-5924

Short Description

- **EFFICIENT.** QUICKLY AND EASILY LOCATE HIGH LOSSES AND FAULTS IN FIBRE OPTIC CABLES

- **EXTENDED REACH.** UP TO 7km MEASUREMENT RANGE
- **VERSATILE.** PULSED AND CW MODE OF OPERATIONS
- Quickly and easily locate high losses and faults in fibre optic cables up to 7km in length
- Versatility through pulsed and CW modes of operation
- Gives up to 80 hours of operation from 2x AA battery
- Class 2 laser for safe operation, 1mW output power
- Ruggedized design that is not made of plastic

Ref: 093689
