

Tempo FI-100 Fibre Identifier Kit

Product Images

Product Code: C00-5892

Short Description

FAST, SIMPLE, AND RUGGED FIBRE IDENTIFICATION

Compatible with ribbon cables as well as standard fibre and BIF fibre

LOW INSERTION LOSS. Non-intrusive low insertion loss prevents alarm conditions

EASY OPERATION. Identifies fibre with tone detect and a clear indication of signal transmission direction

VERSATILE. Supports all common fibres including 250µm, 900µm, 2mm, and 3mm and is able to sense light in bend insensitive fibres

Kit includes:

- Fibre Identifier
- 250µm Adapter
- 900µm Adapter
- 2mm Adapter
- 3mm Adapter
- Soft Carry Case
- Instruction Manual
- Sun Shade
- 2 x AA batteries

Ref: 094661
