

Adjustable Wire Stripper No. 2

Product Images

Product Code: E12-6160

Short Description

The Wire Stripping Pliers are a specially designed tool for stripping away insulation on varying sizes of solid or multi-stranded electrical wires. A small knurled adjusting screw allows the V-shaped cutting jaws to be preset to a selected depth and the return spring ensures that the handles return to the open position.

Manufactured from chrome vanadium steel with a rustproof, satin nickel finish and fitted with cushion grip sleeves for user comfort.

Tested and certified to the GS standard. ROHS compliant.

Specification:

Length: 165mm (6.1/2in).

Description

Specialist adjustable precision wire stripping plier for stripping single, multiple and fine stranded conductors.

Suitable for stripping wire diameters 0-5mm (0- 10mm²) using the adjustable screw and lock nut feature.

Manufactured from Chrome Vanadium Steel with induction hardened cutting edges and featuring yellow PVC dipped handles.
