
Mills CATV Coaxial Cable Stripper

Product Images

Product Code: E00-6177

Short Description

Specialist coaxial stripper for RG6/59 and RG7/11 coaxial cable. Typically used for stripping CATV coax.

A simple and ergonomically design coaxial cable stripper with reversible and replaceable cartridge with integral depth stop to ensure consistency of strip length.

The stripper also benefits from an integral micro hook pad which can be used to safely and efficiently smooth back braid prior to connector crimping.

Overall length: 130mm

Colour: Yellow
