Product Images

Product Code: C00-7038

Short Description

Suitable for LC duplex, MPO/MTP non-pinned, MTRJ non-pinned

Description

The new CLETOP-S fibre optic cleaning cassette builds on the success of its predecessor to give world class cleaning performance at exceptionally competitive cost efficiency. Designed to suit operators, production engineers and installers alike, the CLETOP-S offers the following advances.

- More rugged, ergonomic design
- Slide open lock offers easier access to replacement reels
- Integrated replacement cartridge offers quicker and easier reel change
- Central push button operation offers ease of use for left or right handed operators
- Moulded plastic design makes it more cost effective than ever
- New tape availability offers improved cleaning performance
- Anti-static body and replacement cartridge.
- Suitable for LC duplex, MPO/MTP non-pinned, MTRJ non-pinned
