

Mills Coaxial Cable Cutter

Product Images

Product Code: E00-6176

Short Description

A specialist cable cutter with v-shaped blades for quick and accurate cutting of RG6, RG58, RG59 and CT100 Coaxial Cables with 16mm² (4.5mm) copper, aluminium or steel conductors.

The cutter can also be used on other coax and general cables up to a diameter of 10.5mm

The cutter further benefits from a handle locking lever for safe easy storage and comfort grip handles.

- Overall length: 165mm
- Weight: 160g
