## Product Images

Product Code: S00-3017

## EN131 THE CHANGES EXTENSION LADDERS

### BEFORE

- No extra stoppers therefore enabling sections to be separated easily
- 'L' brackets fixed to stile rather than integrated
- No stabilising device incorporated
- Maximum permissible load 150kg
- Standard box section stiles
- Standard rungs

### AFTER

- Stoppers added to sections to prevent separation of sections
- Stronger & thicker rungs
- Improved box section stiles and strengthened rungs inline with the new standard requirements.
- Newly designed stabiliser bar which is easy to fit and reduces the risk of sideways slips and gives a larger and safer footprint.
- New improved 'L' brackets for safer use of the sections
- New rung lock to secure the ladder when in use and when stored
- Minimum capacity load of 150kg
- Wider & easier to use
- Tested in the position of use with a load of 270kg

## Short Description
