
Ankalad Laddermate

Product Images

Product Code: S00-4250

Short Description

Ankalad Laddermate has been successfully tried and tested. The easy to use Ladder mate is assembled in seconds and offers the user peace of mind that a safer working environment has been created in which to work, and concentrate on the job in hand. Stops outward ladder slip, reduces ladder bounce, enhances sideways stability, ensures correct ladder angle and costs less than a day's pay for a 'footer'.

Also known as a ladder stabiliser or ladder footer
