

Polywater SqueekyKleen Cable Cleaning Wipes

Product Images

Product Code: S83-6679

Short Description

Supplied in a dispenser with 300 5" x 6" (127mm x 152mm) premoistened cable cleaning wipes.

New SqueekyKleen™ cleans and fans fibre in two wipes without alcohol, saving time & money. No follow-up with alcohol required to get fibres squeaky clean and separated for fast & easy splicing.

SqueekyKleen™ reduces chemical odours & harmful vapour concentrations in splice trailers and vaults while being less harsh on hands.

Its unique formulation and specially designed high-performance towelette work to

remove pik from the entire surface of loose tube or ribbon fibres, leaving no residue.

SqueekyKleen™ helps keep splice equipment clean for better fibre alignment & splice quality. Will not harm acrylate on loose tube cable or Mylar® on ribbon fibre.
