
4 Piece Round Head Parallel Pin Punch Set

Product Images

Product Code: J04-6848

Short Description

These pin punches are made from uniformly heat treated carbon steel and are used for removing pins in parallel holes. The removal of the pins should first be started with a hand or taper punch to avoid damage to the end of the parallel punch.

This set of four punches includes one of each of the following: 3.0mm, 4.0mm, 5.0mm and 6.35mm tip diameters.

Length: 100 mm (4 in)
