# RJ11 Socket to RJ45 Plug Adaptor

Product Images

Product Code: T70-4807

---

## Short Description

---

An adaptor to enable an RJ11 plug to be connected to an RJ45 socket. Designed specifically for use with Tone and Probe cable tracing kits that commonly have RJ11 plugs on the tone oscillators to prevent the damage that often occurs when an RJ11 plug is inserted directly into an RJ45 socket.

## Description

---

An adaptor to enable an RJ11 plug to be connected to an RJ45 socket. Designed specifically for use with Tone and Probe cable tracing kits that commonly have RJ11 plugs on the tone oscillators to prevent the damage that often occurs when an RJ11 plug is inserted directly into an RJ45 socket.
