

Tape Self Amalgamating 25mm x 10m

Product Images

Product Code: R02-3395

Short Description

Conformable, self-amalgamating tape based on polyisobutylene (PIB). Supplied on 10m roll, 25mm wide.

Black non-adhesive, polyisobutylene-based self-amalgamating tape with strong elastic qualities backed by a thin film that can be stripped off cleanly and easily.

It is a strong, PIB self-amalgamating tape that acts as an excellent watertight seal.

Suitable for insulating and waterproofing of electrical connections, sealing satellite dish cabling, temporary and emergency repair of plumbing joints and water pipes.
