

Calypso Sun Lotion SPF50 150ml

Product Images

Product Code: B19-0005

Short Description

Calypso Sun Lotion SPF50 with gentle moisturisers offers UVA/UVB protection and helps prevent premature ageing.

Description

Calypso Sun Lotion SPF50 offers UVA/UVB protection and helps prevent premature ageing.

It is light and non-greasy, with gentle moisturisers that replenish the natural oils lost by exposure to the sun, wind and water.

Photostable, the suncream maintains the level of sun protection between applications.

Directions of Use:

- Always apply 20-30 minutes before sun exposure.
- Apply generously to all exposed areas and smooth in gently.
- 35ml is the recommended full body application.
- Re-apply frequently to maintain protection especially after perspiring, swimming or towelling.
- Avoid contact with eyes. If contact does occur, wash with plenty of water.
- Discontinue use if signs of irritation or a rash appear.
- Ideally do a patch test before use.
