

Prysmian UMJ / CMJ / MMJ / LMJ Circular Port Entry Aramid Glands 4 Way 5-7mm

Product Images

Product Code: XJTSC01755

Short Description

Circular port entry glands are used to install cables into one of the 4 circular ports of the UMJ, CMJ, MMJ or LMJ base.

The glands can be installed onto the cable and then simply pushed into the base of the joint.

The kit contains all of the parts necessary to seal the cable and secure the strength members.

Multi-way glands are available to install multiple smaller cables into one circular port.

Gland Type: Quad

Number of Entries: 4

Minimum Cable Diameter: 5.0mm

Maximum Cable Diameter: 7.0mm

Use: Up to four cables with Aramid.
