Description

easy-off Safe Graffiti Remover Sprays clean 100% of unwanted graffiti from vandalised non-porous surfaces and are effective at removing graffiti from around 80% of porous surfaces too.

easy-off is the #1 graffiti removal product for exactly this reason and is chosen as an all-purpose graffiti remover by around two-thirds of the UK's Local Authorities and hundreds of graffiti removing professionals from all over the World. Plastic and Polycarbonate safe easy-off graffiti remover sprays will safely clean graffiti from bridges and subways, busses and trains, buildings and shopping centres and stone and brick walls.

Biodegradable and not tested on animals easy-off safe graffiti remover is the graffiti removal product to reach for first when tackling graffiti.

- Strips ink, marker & paint from walls ■ Chosen by graffiti removal companies ■ OK to be used by the general public
- Plastic & polycarbonate safe cleaner ■ Fully biodegradable & safe solution ■ CHIP, COSHH & REACH compliant

Applications

Safe Graffiti Removal

easy-off Graffiti Remover is one of the safest Graffiti Removal Products in the UK and displays no "Harmful", "Dangerous" or "Irritant" warning symbols. CHIP, COSHH and REACH compliant easy-off Graffiti Removal Sprays are chosen by Graffiti Removing Professionals, Local Authority Street-Scene Teams and members of the Anti-Graffiti Community wishing to remove Graffiti Vandalism Safely.

Compatible with Anti Graffiti Coatings

Walls and surfaces protected with anti-graffiti coatings are most efficiently cleaned with easy-off Graffiti Removal Sprays. Permanent Anti-Graffiti Coatings and Anti-Graffiti paint Systems withstand the application of easy-off Graffiti Removal Liquid which acts as the perfect surfactant to lift graffiti media and hold ink, paint and dye-based contaminants in suspension, ready to be pressure washed or wiped away. True Permanent Anti-Graffiti Finishes such as easy-on Durable Anti-Graffiti Coating will be able to withstand 1000's of Graffiti Cleaning operations without the need for reapplication, making easy-off Safe Graffiti Remover a #1 choice for Schools, Housing Associations and Professional Graffiti Removal Companies who have proactively applied Protective Coatings to their buildings and structures.

Adhesive Remover

The same Graffiti Removal Chemicals that make easy-off so effective at cleaning graffiti also make it an extremely safe and practical, adhesive and glue remover. With minimum contact time easy-off quickly dissolves sticker residues, uncured silicone sealant, and acrylic type adhesives and makes short work of glue, gum and paste. Perfect for Fly Poster and Sticker Bombing attacks on Skateparks, Bus Stops, and Road Signs.

Pressure washer and Commercial Cleaner compatible

Large scale graffiti pieces and graffiti murals will, of course, need a more industrial approach to cleaning. easy-off Graffiti Remover is ideal when faced with such a graffiti attack. Simply treat the wall with easy-off, allow to work for 5 – 10 minutes then thoroughly rinse with high-pressure water. Hey presto – the offending graffiti is gone!
