

# Marshall-Tufflex Size 2 Power Pole 98 x 102 mm

## Product Images

Product Code: V81-8110

## Short Description

Marshall-Tufflex power pole PP36001ANWH

High quality Power Poles, with all anodised aluminium body and fully adjustable white UPVC sides. Supplied at a length of 3.6m which can be easily shortened to fit the job. For exceptionally high ceilings or voids an extended adjusting slide is available (V81-8111). This increases the length of the pole by 1 metre. Pole is supplied complete with six 30mm deep Accessories Boxes which can be mounted at any height.

Dimensions:

**Size 1 Power Pole 98mm deep x 102 mm wide x 3.6 m high.**

**Also available in 63mm depth (V81-9109)**

**These items are usually despatched by separate transport and are subject to an additional delivery charge - please enquire when purchasing.**
