

Cat6a S/FTP LSOH Black Patch Lead 0.5m

Product Images

Product Code: T61-4345

Short Description

High-Quality Screened Category 6A Patch Cord cable manufactured, tested and verified to ISO11801 Channel Test standard.

To maintain consistent performance, this Cat6a patch lead also features a 'Blade' style moulded snagless strain relief boot that prevents strain on the cable termination itself ensuring flawless operation during the patch lead's service life.

Suitable for all 10G Shielded Networks.
