

Mills Tool Bag Lifting Hanger

Product Images

Product Code: R02-4674

Short Description

A specialist 6mm sprung wire lifting hanger used in conjunction with Mills Super Wide Opening Tool bags (B72-5810 and B72-5811) by linesman working at height.

The wire hanger simply hooks around the tool bag handles, allowing the bag to be lifted into position, whilst maintaining an open position to providing access to the engineers tools.
