Tempo AirScout Live PRO

Product Images   **Product Code: C00-4686**

Short Description

The AirScout® Live PRO is an easy to use, engineering grade troubleshooting tool for identifying WiFi and non-WiFi interference on your network

Description

The AirScout® Live PRO is an easy to use, engineering grade troubleshooting tool that helps you identify WiFi and non-WiFi interference on your network. It also provides a real-time view of how your network is being utilized and by what, down to the client. The simple, easy to use interface means there is no need for expensive training - users can quickly and easily get to the root of the problem without being a Wi-Fi genius.

Spectrum Analysis

Identify Wi-Fi and non-wireless interference on your network. Use this tool in parallel with the AirTime Analysis to accurately pinpoint the cause of interference.

Troubleshoot quickly
