**Product Images** 

Product Code: J53-2032

## **Short Description**

Pry Bar Set containing three sizes of bar to help pry, lift, position and align machinery and parts into

place.

## Description

Pry Bar Set containing three sizes of bar to help pry, lift, position and align machinery and parts into place.

Each bar has a heavy-duty square shaft with an angled tip design to provide an extra leverage point when working in narrow or confined spaces and feature a sharpened chisel tip that can be easily slid into tight spaces to separate parts.

The large PVC handles provide a positive grip to help protect and keep your hands comfortable when applying a high leverage.

These pry bars are useful for many small dismantling applications.
