SC-SC version pictured

## Short Description

SC/APC-SC/APC Singlemode Launch Lead supplied in a compact rugged metal enclosure complete with

pouch. Length 1000m.

## Description

---

An OTDR requires a Launch Lead to be able to launch and receive test cable loss measurements for fibre optic links and reveals the insertion loss and reflectance of the near-end connection.

This 1000m SC/APC-SC/APC Singlemode Launch Lead is supplied in a compact rugged metal enclosure complete with pouch..
