

Ideal Data Cable Transmission Tester - SignalTEK CT

Product Images

Product Code: C00-4463

The SignalTEK CT issues a PDF report to prove that your installed data cables can carry Gigabit Ethernet traffic at full speed with no errors, and confirms correct wiremap results.

Easy to use – Autotest provides proof of cable performance in seconds.

IDEAL AnyWARE app - Send PDF reports from anywhere.

Real world testing – Gigabit Ethernet is transmitted bi-directionally.

Low cost of ownership - No calibration required and includes field replaceable RJ45 contacts.

FEATURES

Test Reporting

SignalTEK CT automatically generates test reports in PDF or CSV format. The summary page of each report can be customised to include logo, company and operator details. Choose between 3 different reports that can show either passed, failed or all test reports in each report:

- Summary
- Brief
- Full

Fast & Flexible

- Fast Autotest provides proof of network performance in seconds
- USB port enables rapid transfer of test results to memory stick
- Support for shielded and unshielded twisted pair cable including Cat 5e, Cat 6, Cat 6A and Cat 7 (TIA 568A and 568B wiring schemes)
- Stores up to 5000 tests to accommodate even the largest jobs
- Ability to identify and trace cables with a compatible amplifier probe

Intuitive

- Automatic generation of PDF format test reports makes documentation effortless
- User-friendly menu structure for trouble-free operation and minimal training
- Simple cable naming and job creation enhances on-site productivity

Dependable

Tests against IEEE802.3ab to assure cable performance against a recognised international standard.

Field replaceable RJ45 contacts eliminate downtime from worn or damaged connectors.

Rugged design provides protection against knocks in the field
No requirement for annual calibration
reducing cost of ownership
