
Lacer 5 Insulated Wire Loop Puller 380mm

Product Images

Product Code: C00-0139

Short Description

Durable red anodized aluminium handle facilitates pulling wire through terminal blocks, rings on main frame or fanning strip holes. Length 380mm

Description

Durable red anodized aluminium handle facilitates pulling wire through terminal blocks, rings on main frame or fanning strip holes.

Loop is 12" long and crimped for a narrower profile and easier use in tight terminal blocks.

The loop is coated with blue Xylan to prevent shorts and electrical shocks.

Overall length 380mm

Ref: 131955
