

Van Vault 4 Site

Product Images

Product Code: B99-3504

Short Description

The Van Vault 4-Site container enables you to leave valuable tools and equipment on-site, at your workplace without issue.

Features

- Heavy-duty body, powder-coating and a 2-point locking system to keep thieves out, protect against weathering and keep your tools where you need them.
- 2.5mm sheet steel construction with fully phosphated anti-corrosion protection.
- 2 x 5-lever British Standard Locks.

- Supplied with two keys.
- Integrated single pin hinge.
- Solid lock 'lid stay' system.
- Fitted with shelf brackets.
- New enlarged fork skids, allowing easy loading access for pallet trucks and fork lifts.
