

Seikoh Giken HandiMate Cleaner SM-503

Product Images

Product Code: C05-1128

Short Description

Extra durable, compact and highly reliable cleaner for connector end-face suitable for cleaning in the field and factory.

Description

The new, enhanced HandiMate cleaner incorporates a synthetic cleaning cloth offering greater durability, usability and improved reliability.

The SHM-503 results in a handheld connector cleaner that is strong enough for aggressive cleaning of a wider range of contaminants, soils and end-face debris.

Stable, consistent, cleaning performance regardless of operator skill thanks to its patent pending Slide-Guide connector holder.

Key Features

Extra durable, compact and highly reliable cleaner for connector end-face suitable for cleaning in the field and factory.

Automatic "Clean and Advance" tape technology provides a fresh cleaning surface for each use eliminating waste and guaranteeing long tool life.

Packaged in a handy palm sized unit, the unit enables more than 500 times cleaning.
