Product Images

Product Code: N36-0596

## Short Description

---

Long Series Combination Auger Bit can be used in either a hand or power drill at low speeds.

## Description

---

Long Series Combination Auger Bit can be used in either a hand or power drill at low speeds.

Machined from high quality carbon steel, it features a pitched screw point for accurate starting with a wide flat spiral for improved stability, straight tracking and fast waste removal.

Extra long series for deep boring.

Overall Length: 400mm.
