Product Images

Product Code: S26-1550

Short Description

The Multi-Task 3 Work Gloves are a one of a kind, general purpose work glove designed to protect against abrasions, scratches and dirt.

Description

The Multi-Task 3 Work Gloves are a one of a kind, general purpose work glove designed to protect against abrasions, scratches and dirt.

They prove to be extremely versatile in a variety of industries including warehouse work, logistics and engineering.

Made with a blend of synthetic leathers with PVC reinforced fingertips and inner palm. The Multi-Task gloves are close fitting and are ideal for allowing the user to have maximum dexterity.

Engineered and manufactured to provide users with the highest levels of protection in areas where risk is greatest.

The Multi-Task Gloves are a Certified Safety Glove, scoring a 2121 in testing. The gloves perform well according to CE standards in abrasion resistance testing.
