digging trenches for pipe laying.

## Description

---

Solid forged from one piece of steel. Designed for breaking up uncultivated ground, hardcore and digging trenches for pipe laying.

Tested and made in conformance with BS8020:2011.

Tools for live working.

Handle: 28" Polyfibre Shocksafe Insulated

Head: 8"x 12"

Testing: BS8020:2011 is an exacting specification that demands full adherence to detailed manufacturing and testing procedures for safe working practices to be maintained by the user when working on or in close proximity to live conductor cables. Every single tool is flash detected to 10,000 Volts before the issue of a certificate, unique to each implement.
