
AC68L 260 6-8mm Anchoring Clamp for FRP/GRP Figure-8 Cable

Product Images

Product Code: S83-1680

Short Description

These anchoring clamps are designed for FRP/GRP Figure 8 Cable with an opening conical body, two plastic wedges and a flexible 500mm bail, these anchor clamps offer a tensile strength of 750daN.

This thermoplastic body model, engineered to be mounted on distribution networks with spans up to 90m, enables the dead-ending of FTTH figure-8 drops.

Available to suit 6-8mm and 8-10mm figure 8 cable
