[Product Images](#)

Product Code: C00-1727

Short Description

These 15 metre 9/125 Single mode, Optitap Compatible Patchleads are designed to enable engineers to test CBTs during installation and for general service and maintenance applications.

Description

These 15 metre 9/125 Single mode, Optitap Compatible Patchleads are designed to enable engineers to test CBTs during installation and for general service and maintenance applications.

The lead is terminated with a male IP67 H Connector type plug (with Angled Physical Contact connector) at one end and an SC/UPC connector at the other and supplied in an extra long 15 metre length which allows engineers to test CBTs mounted at the top of a pole from ground level.

Also available is a standard, 3m length version
