AC56R 140 Anchor Clamp for Round Fibre Optic Cable 5-6mm

Product Images Product Code: S83-1792

Short Description

These anchoring clamps are designed for the dead-ending of FTTH aerial round cables from 5mm up to 6mm, with reinforced outer sheath.

They are intended for installation on poles or facades, with maximum spans of 70m.

Designed with a new shape for their wedges, these clamps enable an optimal cable grip. Thus, in case of overload, the pressure is distributed uniformly in order to preserve the optical cable performances.

Available to suit 5-6mm and 6-8mm round cable

Description
