
Spade General Service Treaded - PolyFibrePRO

Product Images

Product Code: S83-1828

Short Description

Used for digging and excavating small trenches where the pointed blade gives better penetration. Integrated treads provide better grip, increased comfort and protection to the user's feet.

Description

Used for digging and excavating small trenches where the pointed blade gives better penetration.

Integrated treads provide better grip, increased comfort and protection to the user's feet.

PolyFibrePRO - Solid forged contractors tools offering a high degree of fibreglass strength along with the comfort of a profile moulded PYD hand grip. Injection moulded polypropylene sheathing totally encloses the polyester resin fibreglass core, virtually eliminating the danger of handle breakage and potential injury. The PolyFibre PRO tool handle will not rot, shrink, dry out or become susceptible to breakage due to periods of inactivity. Outperforms the requirements of BS3388 under all tests.

Handle: 28"/ 711mm PolyFibrePRO

Head: 8"X 10.1/2"

Weight@ 2.3Kg
