
PostPeg White

Product Images

Product Code: R99-2016

Short Description

Health and Safety procedures are important to every company and if your operation includes the delivery of envelopes, cards or documents through letterboxes, PostPeg is essential to help avoid injury to staff and to minimise the risk of compensation claims.

Dog (and cat) bites are a common occurrence when fingers are pushed through the letterbox. PostPeg is a simple but effective device for delivering letters and cards without risking fingers!
