

Cable Drum Spreader Bar 50mm Spindle 2.0m Length

Product Images

Product Code: S83-2084

Short Description

Designed for the safe lifting and handling of cable drums and cable laying applications. The lightweight bar allows easy assembly through the drum centre, while all other parts are lifted into place with plant.

A simple pin in position coupler, with adjustment, allows the drum to be held on the bar, ensuring controlled rotation. Four standard units allow a large variety of drums to be carried.

Hand-built with great emphasis on quality, strength and efficiency of design.

Features a lightweight aluminium spindle, within manual handling limits, and quick release collars with simple tool-less assembly.

Cable drums rotate freely on bearings to ensure smooth cable unwinding

Maximum Capacity 2500kg

Minimum Drum Width 380mm

Maximum Drum Width 1700mm

Maximum Drum Diameter 2700mm

Minimum Drum Hole Size 55mm

Spindle Weight 11kg
