

PRODUCT DATA SHEET

Product ID RGP11

Description: Utility Multi Purpose Polestrap

Accredited to: EN 358:1999

Material: 43mm polyester webbing 3000kg
75mm webbing abrasion pad

Fittings: Double action safety hook on
adjustable end

Weight: 0.95kg

Features: Fully approved and used
extensively by major utility
companies

The RGP11 has been specially designed with a controlled release adjuster buckle to ensure safe operation and adjustment.

Double layer abrasion pad protects the strap from damage. Velcro strap sewn to hand hold provides a safe means of retaining loose end. Additional label sewn inside a pocket to allow for entering user details.

Swivel snap hook and triangle / karabiner ensures flat surface contact with pole. 40mm sliding loop keeps the straps level and reduces the risk of premature webbing wear through the buckle. Available with different hook / karabiner options.
